Task Name	2022				2023
	September	October	November	December	January
Analysis of the project statement	■				
Research on similar works		■	■	■	
Study of Data Fusion Methodologies		■			
Study of Clustering Methodologies		■	■		
Study of Deep-L. Methodologies				■	
Elaboration and incremental improvement of the intermediate report	■	■	■	■	■

Task Name	2023				
	February	March	April	May	June
Improvement of chapters 1 and 2 based on feedback	■				
Preparation of the Datasets and early testing of all considered methodologies	■				
Development of the individual components for the prototype		■	■		
Bridging of the individual Components and Strain-Testing of the Prototype			■	■	
Optimization iterations and bug correction		■	■	■	■
Field-Testing of the Prototype				■	
Elaboration of a Scientific Article				■	■
Elaboration and incremental improvement of the Dissertation Doc.	■	■	■	■	■
